Mission: Satisfy the recreation needs of the community by providing a wide range of facilities and opportunities to enrich the quality of life.

The District

Carmichael Recreation and Park District is a dependent special district established October 29, 1945, located 15 miles northeast of Sacramento. The District population is approximately 42,408 and has a budget of approximately $6.4 million for Fiscal Year 2021/2022. There are 13 park sites with a total of 178 acres, including 11 developed parks, a large community center located at a former high school, a botanical garden that is 58 years old, and a 17 acre nature area.

Creative solutions are being developed to address major repair and renovations needed throughout the District.

The Position

Under supervision, the Park Maintenance Worker I Grounds performs a wide variety of semi-skilled to skilled landscape and park maintenance tasks.

After successful completion of a one year probationary period and with possession of California Pest Control Applicator's certificate employee will be considered for promotion to Park Maintenance Worker II.

Essential Duties

Assist in pruning trees using hand or power saws.

Assist in the maintenance of turf areas by mowing, edging, fertilizing, spraying, aerating, and watering.

Assist in planting and removing trees, shrubs, and other plant materials.

Assist in the installation, repair, and maintenance of sprinkler systems.

Enforce park rules and ordinances.

Collect waste, empty and line waste receptacles, and remove debris to keep park areas clean and safe.

Control weeds by hand-pulling, hoeing, and spraying.

Assist in the preparation of athletic fields and related facilities and equipment.

Clean and sanitize park restrooms and other facilities.

Perform mechanical repairs on a broad range of motorized equipment.

Other related duties may also be performed.

Knowledge of:

Tree pruning techniques, methods, and equipment such as pole saws and chainsaws.

Basic methods, tools, materials, and equipment used in landscape and park maintenance.

Safe work practices.

District ordinances and rules.

Names and growth characteristics of common turf grasses, trees, shrubs, and plant materials used in landscaping.

Common garden pests and diseases and the accepted methods of eradication.

Skill in:

Operating common tools and equipment used in landscape and park maintenance.

Installing, repairing, and maintaining irrigation systems.

Tree, shrub, turf, and other plant material maintenance.

Ability to:

Work independently or as a member of a crew.

Work from ladders, scaffolds, and aerial lifts.

Follow oral and written instructions; communicate effectively, orally and in writing.

Perform the physical requirements commonly associated with landscape and park maintenance.

Assist in the training and supervision of less experienced personnel and court-assigned workers.

Establish and maintain effective working relationships with those contacted in the course of work.

Experience/Education:

Any combination of experience and education that would likely provide the required knowledge and abilities.

High School Diploma or GED equivalent.

Special Qualifications:

Possession of a valid California Driver's License and good driving record.

Possession of a valid California Pest Control Applicator's license or certificate, or the ability to obtain one within the first year of employment.
